Subject: committee request for cost associated with Dimock response

Arvin -

Below, please find a summary of costs to date associated with the Dimock response. This was requested in briefings with House Science and Technology, House Energy and Commerce, and Senate Environment and Public Works staff last week.

Please let us know if you have any questions. We're aiming to get this out to the staff this week.

Thanks -
Jennie

Below is an estimate of expenditures to date. All costs are extramural dollars and do not include EPA payroll, indirect costs, or travel.

Type	Costs to date (approximate)
<u>Removal Action</u> - delivery of water and general operation of command post. These costs, by EPA guidance, are tracked against a project ceiling established in an Action Memo. The current Action Memo ceiling is \$ 500,000.	\$285,000
<u>Sampling Costs</u> - costs associated with performing sampling, lab analysis, data management, including QA/QC and data review, including prior Cabot & State data. These costs by EPA guidance are CERCLA 104(b) assessment costs and are not tracked against the removal project ceiling established in the Action Memo.	\$704,000
<u>Total</u>	\$ 989,000
